Student council president Takamura Mitsugu calls his childhood friend Manaka Shuwaji out from his classroom everytime... just for 'that'!! Though everytime Shuwaji tries to defend with all his might, but in the end would always go Mitsugu's way! But one day, the vice president gave Shuwaji a stack of photos, which are of Mitsugu and his H moments.....! Taki Hajime's first single manga book! The evidence of unproven youth. Please enjoy!
